The Catholic Church and the local Catholic community support moms and their children with food, formula and clothing.

There is a special and particular role for women in bearing the gift of life to the world. While motherhood is a great commitment and challenge, it holds many rewards in the bonds formed between you and your child.

We recognize that an unborn child is totally entrusted to the protection and care of the woman carrying that child in the womb. This trust continues to maintaining the life of the child with

love, food and shelter. For this reason, we come alongside you, offering support.

In this brochure is information for families of young children who need food, formula and clothing. Also provided is information for pregnancy support through local pregnancy care centers, and counseling support if you are struggling with having previously made the decision to terminate a pregnancy. We pray this brochure will be helpful for those in need.
